Dear Parent/Carer

As we all know, social media is a huge part of most people's lives. We have been hesitant in the past to have a school social media account for various reasons. However, we are now considering setting one up. We would like to use the page to showcase all the wonderful learning that takes place at school to the wider community. To do this we would first value your feedback.

If school were to use one, which one would you prefer?
