This week in Pre-School we have been writing our names and making patterns on big boxes outside.

We have also been working those fine motor skills with lots of playdough!

Reception have had a lovely start to their school journey. We have enjoyed making lots of new friends. We are now ready for our new adventure in Year 1!

What a year we have had in Year 2! Lots of wonderful memories and learning. From learning about the Great Fire of London, to our trip to the beach. We have had a fantastic year together. Miss Stewart, Mrs Walsh and Mrs Bedford have loved being part of their journey this year. We wish you all the very best of luck next year.

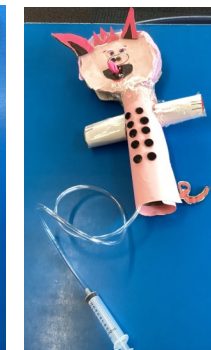

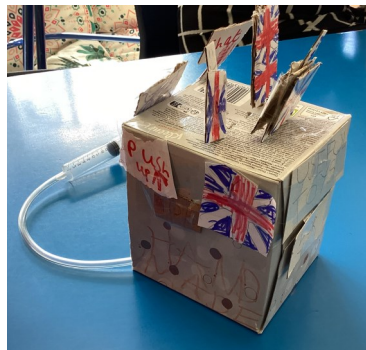

Year 1 have been reflecting on a brilliant year of learning. From a trip to the farm, to publishing our own books, to completing our first formal assessments, the children have taken everything in their stride. Both Mrs Allsopp and Miss Mitchell are extremely proud of how far each and every child has come!

It was hard to choose photos from a jam-packed year! Year 3 have had a wonderful year from their weekly ukulele lessons, learning a new language and completing projects in DT. Highlights of the year include their fantastic performance during World Music Day, an educational visit to Salts Mills and the children's engagement in the topic of Pompeii! Their Year 3 teachers will miss them but wish them all the best for Year 4!

This week Year 4 have completed their pneumatic controlled toys. Children showed great cooperation and teamwork when turning their designs into 3D products. The range of creative ideas has been fantastic! The children enjoyed showing their finished projects to the rest of the class and demonstrating how their toy moved. They will be really useful for next year's class, to give them ideas for their own projects. Well done Year 4!

Year 5 have been reflecting on a very busy year. One of the main highlights that the children have been talking about is the residential trip to Newby Wiske, where they made wonderful memories and challenged themselves on the different activities. The children are also very proud of themselves for reaching the final of the Safe Travel Cup with their musical and for taking part in the Bikeability course. The class seem to have thoroughly enjoyed Year 5 and are very excited to start their adventure in Year 6!

Year 6 have continued building their controllable car in DT this week, we have constructed the base and added the axle, throughout next week we will be adding the pulley system through an electrical circuit and the external appearance.

Health and Wellbeing

Celebrating achievements awarded out of school

Sports Day Winners

Well Done Bede!
