Columba 67

This week in Pre-School, we have been busy reading Goldilocks and the Three Bears. We sequenced the story, made maps of Goldilocks' journey and used our senses to explore the porridge oats.

Reception have enjoyed a visit from the police this week. They really enjoyed trying on the police uniform and sitting in the police van!

Year 1 have started a new PSHCE topic this week and we have been thinking about all the ways we are different.

We discussed how these made us all special and unique and then we drew pictures to show our different characteristics.

This week, Year 2 have had a visit from the West Yorkshire Police. They discussed how we should stay safe when we are outside of our home and school. We discussed strangers and safer strangers and helped think of strategies that we could use if we end up in a dangerous and uncomfortable situation. The police officer even let us try on some uniform and look in their police van.

This term in History, we are going to be learning all about Sir Titus Salt. Year 3 enjoyed a visit to Salts Mill and a play in Roberts Park this week!

Year 4 have been very active this week, completing their Bikeability Level 1 cycle training. The children did a range of activities to help them develop safe cycling skills, including signalling clearly to others, making good observations and negotiating a shared space with others. They also did some basic checks to see if their bicycle was safe and ready to ride. The instructors were very proud of how well they listened to instructions and said the behaviour was great. Well done Year 4!

Year 5 have had a fun week doing their Bikeability course. They have been learning how to ride safely and follow instructions, both in the playground and then advancing onto local roads.

For our last term, Year 6 are learning how to play rounders. This week we focused on throwing, bowling and hitting the ball. Year 6 remained resilient whilst learning their new skills as the bat is much smaller than what they've used before. Year 6 are very excited to put their skills into practise in game situations in the coming weeks!
