Pre-School have enjoyed 'Mr Men and Little Miss' week. We have shared lots of stories and talked about our favourite characters. This all ended in a fun day today when we had a Mr Men and Little Miss dress up day!

Reception and Year 1 enjoyed a brilliant day out at Swithens farm for their school trip. We completed a range of activities like feeding the farm animals, giving milk to the lambs and even going on a tractor ride!

Year 2 enjoyed a great music lesson with the fabulous Mr Drinkwater. We had lots of fun playing with musical sounds and worked and listened wonderfully. We are looking forward to our lessons with him next year when we are in Year 3.

Year 4 had a fabulous time at the Leeds City Museum, learning all about the Romans. We looked at the daily life of Roman's living in Yorkshire and saw lots of amazing artefacts. We learnt about the uniform of a Roman soldier and even got to hold real artefacts from the Roman times - 2000 years old!

In French, Year 3 have been learning how to order food in a cafe. They have been practising their new vocabulary with a partner. Tres bien!

Year 5 have had a visitor from the Sphagnum Project. They watched a presentation about the moss and where it could be found and then split into different groups to do some activities. These included planting their own sphagnum and using microscopes to identify different types of plants.

As a school, we want to congratulate every pupil in Year 6 for completing their SATs; they all showed fantastic resilience and tried their hardest. We're very proud of all their efforts and they are a credit to our school!
