This week in Pre-School, we have been talking about healthy and unhealthy food. We have been sorting food out into groups and discussing how we can look after ourselves.

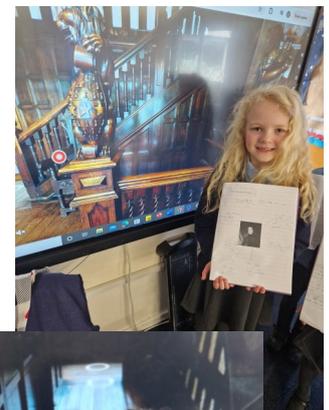

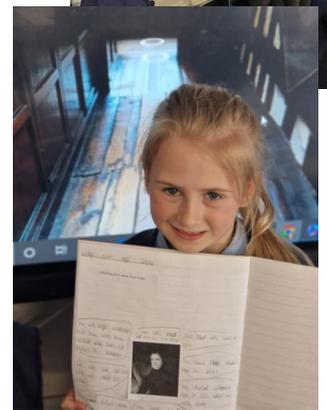

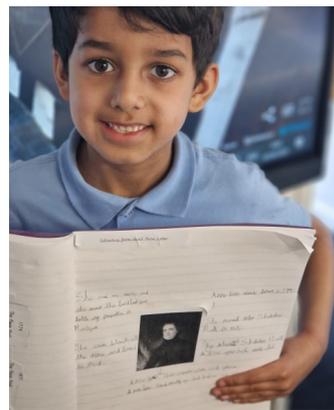

Reception have been having lots of fun exploring the nature garden. They really enjoyed completing a minibeasts hunt!

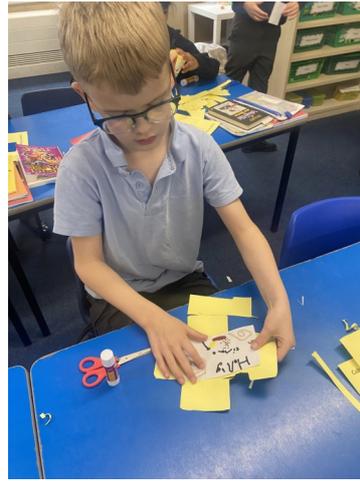

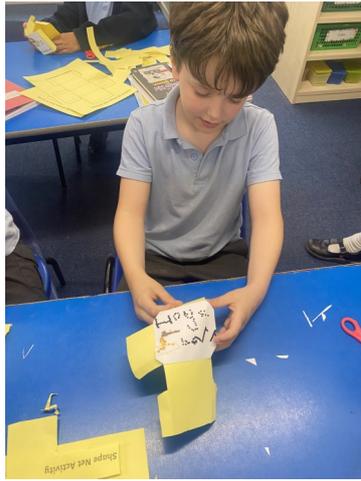

Year 1 have been focusing on using excellent adjectives to describe The Big Bad Wolf this week in English, in preparation for writing our character descriptions. We used words like 'menacing', 'fierce' and 'cruel' to create effective and clear images of the wolf.

This week in Year 2, we went on a virtual tour of Shibden Hall and learnt lots of facts about Anne Lister. We enjoyed making information posters about her. We found out that she recorded her life through diaries and that she loved music and reading. We also found out that she lived in the Georgian Era and was born 17 years after The Piece Hall was built.

After coming up with a brand name and drawing their design, Year 3 brought their ideas to life by creating them on the Chromebooks. Once printed, they assembled their box and created their final product, packaging for a healthy snack bar. Great creativity and resilience, well done!

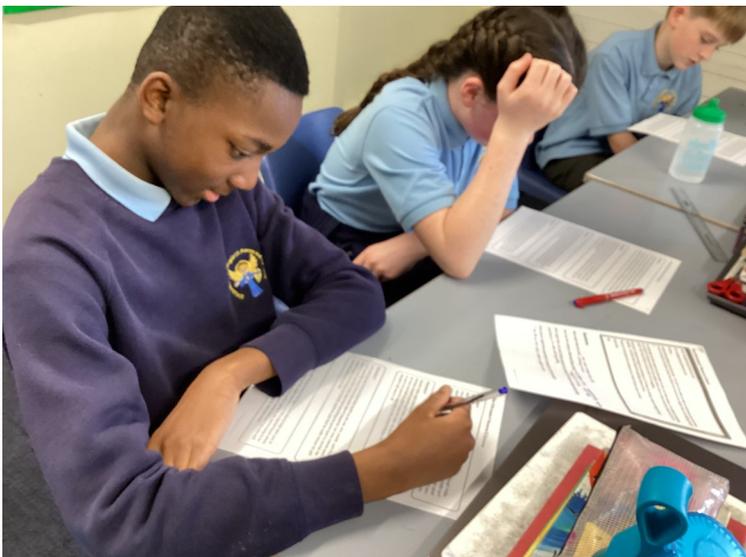

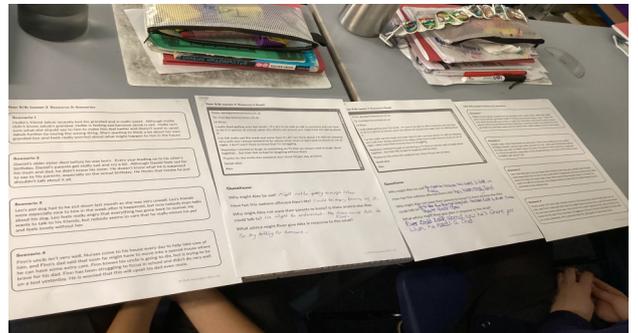

Year 4 have been learning all about Roman mosaics and how they were created. We then had a go at designing our own mosaics and made them from paper squares. From this, we discussed what was tricky, such as making curved or diagonal lines, and how to overcome these challenges. Here are some of our designs. Our next step is to use mosaic tiles to create a coaster and learn how to fill in between the tiles using a grout. We can't wait!

This week, Year 5 enjoyed a trip to the woods to explore different habitats. We were joined by Year 2, who were doing observational drawings of plants and flowers. We all had a wonderful time and Year 5 were brilliant at looking after the younger children.

Year 6 have been learning about how to manage their mental health and well-being in PSHCE. This week we learnt about dealing with bereavement and loss and what strategies pupils can put in place to support them either now or in the future. We held fantastic class discussions and pupils left feeling positive about being able to support their emotions and feelings.
