

Aiden 93

Bede 106

Chad 98

Columba 121

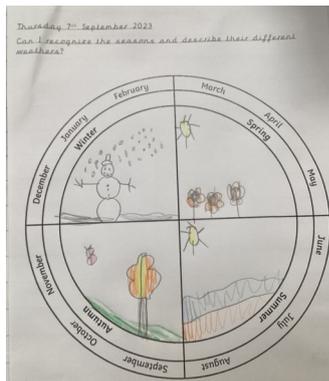

We have had lots of fun in Pre-School this week; playing outside in the water, riding our bikes and painting our junk models. Our new starters have settled in so well and have already made new friends.

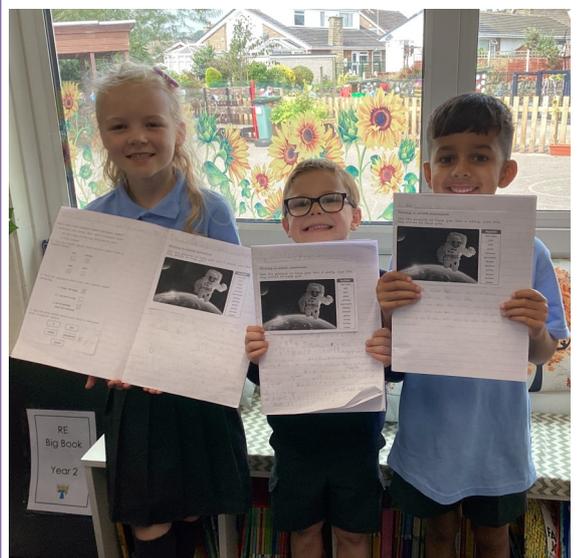

Reception have had a brilliant first week at school. They have all settled well and are having lots of fun making new friends. We are all really proud of them, well done!

We have made a brilliant start to Year 1 this week! We have started our new topic where we will be learning about seasons and the weather. This week we learnt about the months in each season and drew a picture to show what autumn, winter, spring and summer look like.

Year 2 have had a great first week back and have begun some fabulous learning. We are really proud of our writing and how hard we worked to create our first story set in space!

Health and Wellbeing

Hello and welcome back to all the children and families of St Michaels. We're excited to have you back at school, ready for a year of learning and growth.

We would also like to say welcome to the families that have joined us this year. Pastoral support for our families is very important to us; we believe in promoting positive mental health and emotional wellbeing. I would like to take this opportunity to remind you that our [school website](#) has lots of useful links and information to help support your child. Please take a look as there are some very helpful tools for your child and your family. I really hope you find this information beneficial. If you would like to talk to me (Mrs Westby, Learning Mentor) about any support, please don't hesitate to get in touch. Many of us face different challenges throughout life and we have a dedicated team here to support you every step of the way. Let's make this year memorable and successful together.

Please make sure you look after yourselves and one another.
