During this year, Pre-School have enjoyed forming new friendships. They have all gained confidence and resilience. Children who are moving up to school now have strong foundations for a successful transition into reception. Some of the children's favourite memories of the year are the visit from a bird of prey specialist and a police officer. We've had some fantastic stay and play sessions with our grown-ups and had fun taking part in our

Reception have had a lovely start to their school journey. We have enjoyed visits from the police and birds of prey and trips to the farm, woods and Church. We have enjoyed making lots of new friends. We are now ready for our new adventure in Year 1!

Year 1 have been reflecting on a jam packed and successful year this week. We've looked back at all of our brilliant accomplishments and shared what we are proud of. Some of the children are proud of their achievements in Maths Magicians and others are proud of their amazing progress in phonics. The class have really blossomed into responsible and confident children and are now looking forward to the challenges ahead in Year 2.

Year 2 have had an amazing year. We have learned so much and had so many wonderful memories together. From learning about Kenya to exploring different plants in our local habitat. Our trips to the woods and to the beach were a highlight of the year. We have become authors, scientists, historians, gymnasts and much more.

We have enjoyed our time together. Although it will be sad to move on, we are ready to start our new chapter in Year 3 to create more fun memories. Miss Stewart and Mrs Walsh would like to thank the class and their families for all their support this year!

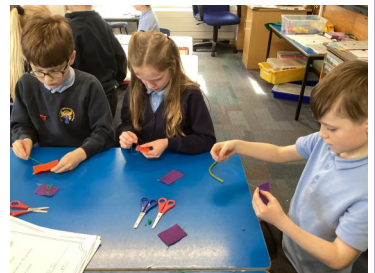

The children have had a fabulous time in Year 3. They have enjoyed extra learning opportunities such as ukulele and swimming lessons. They have completed wonderful projects in Art and DT, as well as making progress in their English and Maths skills. We wish you all the best for Year 4.

As we come to the end of the year, Year 4 have been looking back at their achievements. As well as making progress with learning, we have reflected fondly on the extra opportunities made available to us this year. We have done our bikeability sessions, improved with swimming, learnt how to sew, visited Leeds City Museum, performed as a class Samba band and learnt about our emotions through Open Minds workshops. We also raised an amazing £45.50 for school with our enterprise event, selling

friendship bracelets. Mrs Piper and Mrs Nalton wish the children all the best as they move into Year 5.

Year 5 have had an action-packed year. They thoroughly enjoyed their trip to Winmarleigh Hall with the campfire and the zip line being class favorites. We had fun rehearsing and then performing at the Young Voices concert and have also enjoyed having visitors in class including the Bikeability team, the Sphagnum Project team and the Safe Travel group. The class have worked really hard all year and Miss Burt is very proud of all of them. Have fun in Year 6!

Year 6 celebrated their fantastic efforts and the progress they have made. This week they got their SATs results and initial data suggests they all smashed the toughest reading paper ever! As a school we're incredibly proud of everyone and how much they've tried all year.

Our residential trip to Ingleborough Hall was a class favourite.

This week Sunnyvale came to St Michaels to host some outdoor activities including a challenging climbing wall and bush craft team building.

Shelf Gala

Well done to everyone who took part in our school procession, hope you had a good day

... and thank you to all the members of the PTFA for everything they arrange for us throughout the year!

Health and Wellbeing

Year 5/6 boys represented St Michael's at the Calderdale School Football Finals, the boys played fantastically well all day winning all their group games and conceding no goals. Unfortunately, the boys were defeated in the knockout stages! St Michael's finished in the top 8 schools within Calderdale, what a fantastic achievement!
