Bede 53

Chad 57

Columba 52

This week in Pre-School we have been playing outside and enjoying the sun. We have been experimenting with different textures in the outdoor kitchen and planting broad beans while talking about what they need to grow.

This week Reception and Year 1 have been to Cannon Hall Farm. We loved seeing all the different animals and enjoyed the tour around the farm. Year 1 in particular enjoyed the sheep racing and Reception enjoyed their tractor ride. The children were all a credit to school and we were really proud of them!

Year 2 this week had a lovely trip to the beach. The weather was beautiful and we had such a wonderful day. The children really enjoyed seeing the coastal features we have discussed in class in real life as well as having a ride on the donkeys.

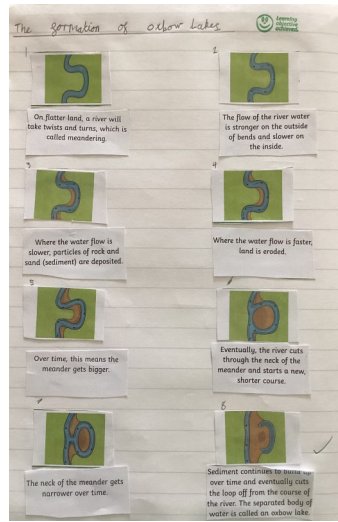

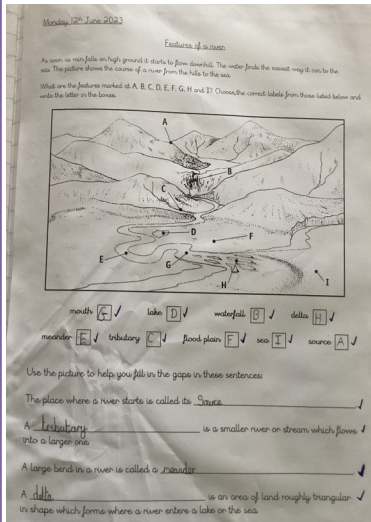

Thank you to Millie, Chloe, Jack A and Tabitha who took it upon themselves to organise their own toy sale this week and raise some funds for school resources.

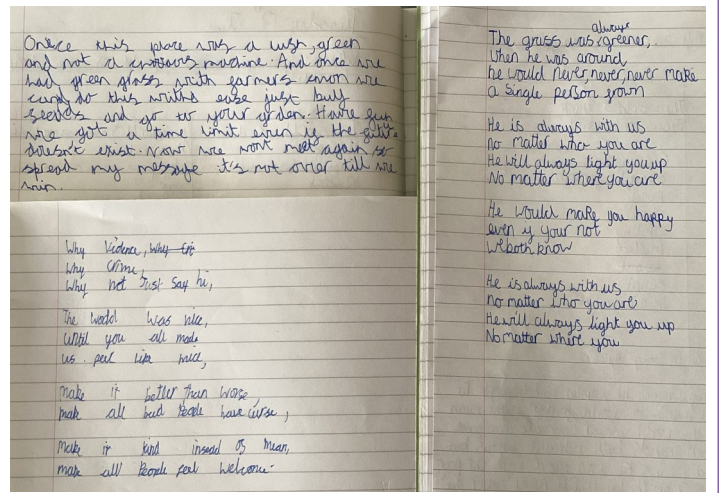

Year 3 visited Salts Mill in Saltaire this week to deepen their understanding of their History topic. They found out about what life was like for mill workers in the 1800s and had time to play in the park!

Year 4 have been learning about the features of rivers. We tracked the journey of a river from its source to the sea. We then explored how oxbow lakes are formed and how the river can change its course.

Year 5 have been investigating what kind of a king they think Jesus is and what kind of a kingdom he would want. They analysed different hymn lyrics to find evidence and then used these ideas to draft their own hymns or poems.

In Science, Year 6 have been learning about circuits, as a class we looked at the different symbols used to represent the parts needed to make a circuit successful. The children enjoyed drawing their circuits and making them challenging to create.

Health and Wellbeing

Year 3 enjoyed their walk around Saltaire. We did over 4,000 steps. We had lunch on the grass and enjoyed playing in the park.
