Dear Reception Families

Bikeability

We have managed to secure a new and exciting opportunity provided by Calderdale Bikeability for February 2026! This funded cycle training is an Early Years program that teaches children the essential skills of balance, agility, and coordination using balance bikes. Sessions will be approximately 45 minutes, with a maximum of 6 pupils per session. This program is designed for children in Reception and serves as a foundation for Bikeability Level 1 training.

The courses will be delivered by Calderdale Bikeability qualified instructors who are DBS checked. The training will take place in the school playground or hall depending on the weather on all four dates below. Balance bike and helmets will be supplied, but please could your child attend school in their PE kit on those days.

To book your child onto the course at:
